

PowerDome™

Resilient Military and Intelligence Operational Support

Speed, Reach, and Scale

*Proprietary PV Solar System Designed
for Expeditionary Support*

*Integrated Battery Storage System
for Continuous Operation*

Compact Footprint

Silent, Low Voltage Operation

Containerized for Easy Transport

Eliminates the Need for Diesel Support

*Serves as an End-to-End Replacement
for Conventional Support Systems*

*Fully Scalable Design with an Array
of Mil-Spec Equipment Packages*

PowerDome™

Competitive Advantages
